Departure from Agios Fokas Port

This two-hour private boat excursion in Lesvos begins at the stunning Vatera Beach and the charming port of Agios Fokas. Before boarding, you can take a moment, if you wish, to explore the ancient ruins of the Temple of Dionysus, dating back to the 1st century BC, located right by the port. Don't miss the chance to visit the traditional chapel of Agios Fokas, set against the breathtaking backdrop of the Aegean Sea.

Panagia Kryfti

We'll then set sail eastward toward the mesmerizing **Panagia Kryfti**, gliding along Lesvos' rugged southern coastline. Enjoy the serene views of the rocky cliffs, perfectly framed by the setting sun. **Panagia Kryfti** is a one-of-a-kind chapel built into the rock, renowned for its striking geological features and **natural hot springs bubbling up from the sea**. This unique spot, designated as a Geosite of the **UNESCO Global Geopark of Lesvos**, will captivate you with its charm and beauty.

Kommenos Vrahos, Apergousa

Our final stop is at the **eastern edge of Vatera Beach**, at the picturesque Apergousa Beach. Here, you'll find the imposing **Kommenos Vrahos (Cut Rock)**, which juts out into the sea, naturally dividing the beach into two golden shores. This idyllic setting offers the perfect opportunity to relax onboard with a glass of wine, accompanied by a curated Spotify playlist designed to enhance this romantic **private sunset cruise experience**.

The stunning sunset views, paired with **local delicacies and wine**, create the ultimate romantic getaway.
